

Photography Workshop for adventurous travellers

How to frame and think about your photos whilst on the go.
Tips and tricks that will help you get better photographs.

Details

Many of us would love to capture some lovely memories of our travel experiences. This workshop is more about framing the photos and less about the technical details of the camera. You will learn some tips on how to think more like a photographer and consider carefully about what to take photos of, using your current device. In this workshop we will do a short hike and look at some of the practicalities of taking photos along the way.

- ▶ Bring any camera or mobile phone
- ▶ Wear comfortable walking clothes/shoes
- ▶ Be sun smart with hat, sunscreen and water
- ▶ Join us for coffee after (own expense)
