Group Leader Details

The Chief Experience Officer (CEO) will be the group manager and leader. He/she organizes the trip, and will be there to assist you when needed. He/she will take care of the small things so you can concentrate on enjoying your adventure. All of our CEOs in East Africa are experienced group leaders, with a broad knowledge base of the region's history, cultures, and wildlife. Your leader will be from either southern or East Africa depending on which part of the tour you are on.

During both treks in Volcanoes National Park, we use an experienced and certified tracking guide, and armed guards to accompany you for your safety.

We also use local guides for some included activities where we think more specific knowledge will add to the enjoyment of the places we are visiting.

Transport

Private van, walking.

Solo Travellers

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

Standard hotel (3 nts), simple furnished tents (6 nts).
